**AGREEMENT FOR  
TRAUMA MEDICAL DIRECTOR SERVICES**

**THIS AGREEMENT** is entered into by and between **LITTLE COMPANY OF MARY HOSPITAL OF INDIANA, INC., d/b/a Memorial Hospital and Health Care Center** (the "Hospital") and **DONALD VENNEKOTTER, M.D.** (hereinafter "Physician").

**WITNESSETH:**

**WHEREAS**, the Hospital is the owner and operator of a hospital known as Memorial Hospital and Health Care Center located in Jasper, Indiana in which there is located an Emergency Service which serves members of the community, the Medical Staff and others who may require trauma services; and

**WHEREAS**, the Hospital desires to be designated as a Trauma Level III Center by the State of Indiana and therefore has a need to contract with a qualified individual to act as Trauma Medical Director; and

**WHEREAS**, Physician is willing and qualified to accept appointment as Trauma Medical Director at the Hospital and agrees to be responsible for carrying out such services; and

**WHEREAS**, the parties now wish to enter into a written agreement which delineates the duties and obligations of the Physician as the Trauma Medical Director.

**NOW, THEREFORE**, in consideration of the mutual covenants as contained herein, the parties do hereby agree as follows:

1. Provision of Services. The Trauma Medical Director shall be responsible for leading the multidisciplinary activities of the Hospital's Trauma Program. Such responsibilities are described in detail in the Trauma Medical Director Position Description (Exhibit "A") that is attached and incorporated herein. Such obligations include but are not limited to the following:
  - 1.1 Ongoing development, growth, and oversight of all aspects of the Trauma Program.
  - 1.2 Promoting high standards of practice through the development of policies, protocols, and practice guidelines and participating in rigorous performance improvement monitoring and staff education.
  - 1.3 Organizes, directs and integrates the Trauma Program with all other departments and services within the Hospital. Promotes a cooperative and collaborative working environment among the clinical disciplines involved with trauma care.
  - 1.4 Coordinates, chairs, and participates in all relevant trauma performance improvement and peer review activities as required by the Medical Staff, Trauma Service, and the Hospital. Such activities include but are not limited to the review of deaths, complications, and sentinel events; investigating all trauma performance improvement inquiries in collaboration with the Trauma Program Manager; and assuring that the quality and appropriateness of patient care is monitored and evaluated and that appropriate actions based on findings are taken on a consistent basis.
  - 1.5 Identifies educational needs and coordinates educational offerings for Hospital personnel, surgeons, and other specialists.

- 1.6 Leads efforts to develop and maintain trauma center designation. Participates in developing the American College of Surgeons (ACS) Verification Process application. Attends and participates in District and State Trauma meetings and site reviews by regulatory agencies.
- 1.7 Adheres to all Hospital policies and procedures and incorporates the Hospital's mission, vision, and core values into daily practice.
2. Qualifications of Physician. Throughout the term of this Agreement, Physician shall be licensed to practice medicine in Indiana and be an active member in good standing of the Hospital's Medical Staff. Physician shall be board certified in General Surgery, certified in Advanced Trauma Life Support (ATLS) and must obtain an average of sixteen (16) hours annually or forty-eight (48) hours over three (3) years of external trauma related continuing medical education.
3. Obligations of Hospital. The Hospital agrees to provide a Trauma Program Manager to collaborate and assist Physician in carrying out the goals and objectives of the Trauma Program. Hospital shall also provide the equipment, supplies and materials used to develop, implement, and monitor the Trauma Program in order to meet the standards required by the ACS.
4. Compensation.
  - 4.1 The Hospital shall compensate Physician for the Services provided herein at an hourly rate of \_\_\_\_\_ Said compensation is compensation in connection with the services as Trauma Director and does not include any professional fees which Physician may generate in providing direct patient care which is beyond the scope of this Agreement. Physician shall submit documentation of hours spent on Medical Director duties to the Vice President Patient Services within ten (10) calendar days following the end of each month. Hospital shall pay Physician within fifteen (15) calendar days following receipt of Physician's documented hours.
  - 4.2 In addition to the compensation described in Section 6, Hospital shall compensate Physician \_\_\_\_\_ each for achieving the four (4) milestones described in the Trauma Medical Director Action Plan that is attached and incorporated herein ("Exhibit "B").
  - 4.3 Hospital will reimburse Physician for continuing education expenses related to the continuing medical education requirements of a Level III trauma medical director as defined by the ACS up to a max \_\_\_\_\_ per contract year. Continuing education must be approved in advance by the Vice President Patient Services in order to be eligible for reimbursement.
5. Status of the Parties. In making and performing this Agreement, the parties hereto act, and shall continue to act at all times while it is in effect, as independent contractors. Nothing contained in this Agreement shall be construed or implied to create a partnership or joint venture between the parties, nor shall either party be considered an agent or employee of the other party.
6. Term and Termination.
  - 6.1 Term. The term of this Agreement shall commence on the 1st day of June, 2014 and terminate on the 31st day of May, 2016. Thereafter, this Agreement shall be automatically renewable for

additional one (1) year term (s) (each an "Extension Term"). Notwithstanding the foregoing, this Agreement is subject to early termination, as hereinafter provided.

6.2 Termination. This Agreement may be terminated as follows:

6.2-1 Early Termination. This Agreement may be terminated by any party with or without cause by delivering a written notice of termination to the other party at least ninety (90) days prior to such early termination.

6.2-2 Termination by Agreement. In the event the Hospital and Physician shall mutually agree in writing, this Agreement may be terminated on those terms and date as stipulated therein.

6.2-3 Termination on Notice for Default. In the event any party shall give notice to the other that any other party has substantially defaulted in the performance of any obligation under this Agreement and such default shall not have been cured or a good faith effort initiated to cure within thirty (30) days following the giving of such notice, the party giving such notice shall have the right to terminate this Agreement affecting all parties at the end of said thirty (30) day time period.

6.3 Effect of Termination. Upon termination of this Agreement, neither party shall have any further obligations hereunder except for obligations accruing and becoming due and payable prior to the date of such termination.

7. Fraud and Abuse/Stark Law. It is the intent and good faith belief of the parties hereto that this Agreement complies with the Medicare/Medicaid Anti-Fraud and Abuse Statute (the "Fraud and Abuse Statute") and the regulations promulgated thereunder (the "Safe Harbor Regulations"). It is also the intent of the parties that this Agreement comply with the applicable exception under the federal statute commonly known as the "Stark Law". Subsequent to the execution of this Agreement, if either party believes, in good faith, that any provision of this Agreement is contrary to the provisions of the Fraud and Abuse Statute, the Safe Harbor regulations, or the Stark Law, then the parties agree to renegotiate this Agreement to eliminate the problematic provision. If the parties are not able to mutually agree on modification of the problematic provision, then either party may terminate this Agreement upon thirty (30) days' written notice to the other party, if the terminating party has a good faith belief that the problematic provision creates an unacceptable risk under the Fraud and Abuse Statute, the Safe Harbor Regulations, or the Stark Law.
8. Internal Revenue Code. The parties intend and in good faith believe that this Agreement does not in any way violate the Internal Revenue Code, specifically including the proscriptions against private inurement and private benefit. In the event that either party believes that any provision of this Agreement is contrary to the Internal Revenue Code, or any regulation, General Counsel Memorandum or other court or IRS interpretation of said Code, then the parties agree to renegotiate this Agreement to eliminate the problematic provision. If the parties are unable to renegotiate the Agreement, then either party may terminate this Agreement upon thirty (30) days' written notice to the other party, if the terminating party has a good faith belief that the problematic provision creates an unacceptable risk under the Fraud and Abuse Statute, the Safe Harbor Regulations, or the Stark Law.
9. Corporate Responsibility. Hospital has in place a Corporate Responsibility Program (hereinafter

"CRP") which has as its goal the assurance that Hospital complies with federal, state and local laws and regulations. The CRP focuses on risk management, the promotion of good corporate citizenship, including the commitment to uphold a high standard of ethical and legal business practices, and the prevention of misconduct. Physician acknowledges Hospital's commitment to corporate responsibility and agrees to provide services hereunder in accordance with the underlying philosophy of corporate responsibility adopted by Hospital. Physician shall comply with the CRP and shall assist Hospital as needed in the educational and investigational components of the program.

10. HIPAA Compliance. Each party agrees that it will comply in all material respects with all federal and state mandated regulations, rules or orders applicable to privacy, security and electronic transactions, including without limitation, regulations promulgated under Title II Subtitle F of the Health Insurance Portability and Accountability Act (Public Law 104-191) ("HIPAA"). Furthermore, the parties shall promptly amend the Agreement to conform with any new or revised legislation, rules and regulations to which Hospital is subject now or in the future including, without limitation, the Standards for Privacy of Individually Identifiable Health Information or similar legislation (collectively, "Laws") in order to ensure that Hospital is at all times in conformance with all Laws. If, within thirty (30) days of either party first providing notice to the other of the need to amend the Agreement to comply with Laws, the parties, acting in good faith, are (i) unable to mutually agree upon and make amendments or alterations to this Agreement to meet the requirements in question, or (ii) alternatively, the parties determine in good faith that amendments or alterations to the requirements are not feasible, then either party may terminate this Agreement upon thirty (30) days prior written notice.
11. Ethical and Religious Directives. The parties acknowledge that Hospital is affiliated with the Roman Catholic Church and the operation of the Hospital is in accordance with the Ethical and Religious Directives and the principles and beliefs of the Roman Catholic Church is a matter of conscience to the Hospital. It is the intent and agreement of the parties that nothing in this Agreement nor any part hereof shall be construed to require Hospital to violate said Directives in its operation and all parts of the Agreement must be interpreted in a manner consistent with said Directives. "Ethical and Religious Directives" shall be defined as the Ethical and Religious Directives for Catholic Health Care Services as promulgated, from time to time, by the National Conference of Catholic Bishops, Washington, D.C. of the Roman Catholic Church. In the event that the National Conference of Catholic Bishops shall cease to exist, "Ethical and Religious Directives" shall mean such similar directives promulgated by its successor organization or by such organization then exercising its powers and duties, or by the Roman Catholic Church.
12. General Provisions.
  - 12.1 Access to Books and Records. In order to assure that compensation paid to Physician hereunder is included in determining the proper reimbursement to Hospital under Medicare and Medicaid, the parties agree that if this Agreement is determined to be a contract within the purview of 1861 (v) (1) (I) of the Social Security Act (952 of the Omnibus Reconciliation Act of 1980) and the regulations promulgated in implementation thereof at 42 CFR Part 420, Physician agrees to make available to the Comptroller General of the United States, the Department of Health and Human Services and their duly authorized representatives, access to the books, documents and records of Physician and such other information as may be required by the Comptroller General or Secretary of HHS to verify the nature and extent of the costs of services provided by Physician.

- 13.2 Notices. Notices or communications herein required or permitted shall be given the respective parties by registered or certified mail (said notice being deemed given as of the date of mailing) or by hand delivery at the following addresses unless either party shall otherwise designate its new address by written notice:

HOSPITAL

Memorial Hospital and Health Care Center  
ATTN: E. Kyle Bennett  
Executive Vice President and COO  
800 West Ninth Street  
Jasper, Indiana 47546

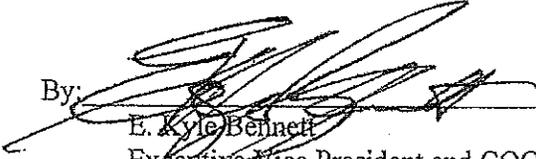

PHYSICIAN

Donald Vennekotter, M.D.

- 13.3 Assignment. Assignments of this Agreement or the rights or obligations hereunder shall be invalid without the specific written consent of the other party herein.
- 13.4 Entire Agreement. This Agreement supersedes all previous contracts or agreements between the parties with respect to the same subject matter and does constitute the entire Agreement between the parties hereto and the Hospital and Physician shall neither be entitled to other benefits than those herein specifically enumerated.
- 13.5 Waiver of Breach. The waiver by either party of a breach or violation of any provision of this Agreement shall not operate as nor be construed to be, a waiver of any subsequent breach hereof.
- 13.6 Governing Law. This Agreement shall be construed and governed by the laws of the State of Indiana.
- 13.7 Severability. In the event that any provision hereof is found invalid or unenforceable pursuant to judicial decree of decision, the remainder of this Agreement shall remain valid and enforceable according to its terms.
- 13.8 Confidentiality. Hospital and Physician agree that the terms and conditions of this Agreement shall remain confidential. Neither Hospital nor Physician shall distribute this Agreement or any part thereof or reveal any of the terms of this Agreement to parties other than their employees or agents.
- 13.9 Amendments. This Agreement may be amended only by an instrument in writing signed by the parties hereto.
- 13.10 Execution. This Agreement and any amendments thereto shall be executed in duplicate copies on behalf of the Hospital and Physician. Each duplicate copy shall be deemed an original, but both duplicate originals together constitute one and the same.

IN WITNESS WHEREOF, the Hospital, by its duly authorized officer, and the Physician have executed this Agreement.

- Maintain the hospital trauma registry via ImageTrend (ISDH)

FLAT CREEK GENERAL BAPTIST YOUTH CAMP, PETERSBURG, IN

*Voluntary Camp Nurse, June 1997 – Present*

- Perform initial camper health assessments (3 week long summer camps for about 150 students total)
- Provide basic patient care and first aid treatment, administer and document prescribed medications

## Education

WESTERN GOVERNORS UNIVERSITY, SALT LAKE CITY, UTAH

*BSN Nursing, November 2013*

VINCENNES UNIVERSITY, VINCENNES, IN

*AS Nursing, May 1992*

VINCENNES UNIVERSITY, VINCENNES, IN

*AS Computer Programming Technology, May 1983*

## Licensure & Certifications

- Indiana State Nursing License (#28117390A)
- BCEN since 1999
- Faith Community Nurse since 2006
- Trauma Nurse Core Course (TNCC), Instructor since 1995
- Emergency Nurse Pediatric Course (ENPC), Instructor since 1995
- BLS (Provider/Instructor), Instructor since 2011
- NIMS & HICS certification (Emergency Management Institute)
- Nurse Preceptor 2006 - 2015

## Training

- Trauma Registry Course (TRC), American Trauma Society (2014)
- **Injury Scaling: Uses and Techniques**, Association for the Advancement of Automotive Medicine (2015)
- **Mastering Trauma Data Management**, Greater Cincinnati Health Council, Alliance of Ohio Trauma Registrars (2015)

- **Optimal Trauma Center Organization and Management Course**, Indiana State Department of Health (2013)
- **TOPIC – Trauma Outcomes and Performance Improvement Course**, Society of Trauma Nurses (2015)
- **Injury Prevention 101 Conference**, Indiana State Department of Health, Division of Trauma and Injury Prevention (2015)
- **TNCC, ENPC**, Emergency Nurses Association
- **Advanced Cardiac Life Support (ACLS)**, American Heart Association

### **Affiliations**

- Member, American Trauma Society (ATS)
- Member, Society of Trauma Nurses (STN)
- Member, Emergency Nurse Association (ENA)

### **Other Activities**

- Member, Information System Planning Committee
- Unit Nurse Council
- Care Integration Committee
- Clinical Applications Committee
- Volunteer Nurse for Pike County Public School system

## Job Description

### **TRAUMA REGISTRAR– 6235.05.970** TRAUMA SERVICES - 6235

#### **Job Summary**

The Trauma Registrar is responsible for the data and data collection of the Trauma Registry. Maintains the confidentiality of the registry data and provides registry data as appropriate. The Trauma Registrar reports to the Trauma Program Director.

#### **Qualifications**

##### Education:

Graduation from an accredited School of Nursing preferred with current licensure as a Registered Nurse in the state of Indiana. BLS/ACLS/TNCC/ENPC required. TNCC/ENPC instructor preferred.

##### Training:

Preceptor orientation during initial employment period; this can be provided by a Trauma Registrar from an established trauma program or Indiana State Department of Health, Trauma System Performance Improvement Manager, Division of Trauma and Injury Prevention. Must complete the American Trauma Society's Trauma Registrar Course and the Association for the Advancement of Automotive Medicine's Injury Scaling Course within 12 months of being hired. The Trauma Registrar will complete a minimum of 8 hours of registry-specific continuing education per year.

##### Experience:

Five years of clinical trauma or related experience.

##### Job Knowledge, Skills, and Abilities:

Ability to consistently accept responsibility for decisions and actions. Knowledge of American College of Surgeons (ACS) guidelines for trauma registry. Ability to read, analyze and interpret common scientific and technical journals. Ability to respond to common inquiries from customers, regulatory agencies, or members of the business community. Thorough knowledge of nursing process and nursing theory in Departmental/Trauma Services. Knowledge of anatomy, physiology, and complications of the trauma patient. Familiarity with organization, functions, policies/procedures of Hospital as they relate to Trauma and Patient Services. Excellent communication skills imperative in relating to staff, physicians, patients, visitors media, other department directors/managers, employees or other departments, and outside agencies.

## **Performance Requirements**

### Responsibility for:

Develops process to identify charts for abstraction and submits collected data in Indiana Trauma Registry (ITR). Ensures data is entered so that a minimum of 80 percent of cases are entered within 60 days of discharge. Abstracts data as directed by the Trauma Program Director to facilitate performance improvement activities, trend reports and research. Protects confidentiality of the data.

### Physical Demands:

Moderate standing and walking involved Visual, auditory, and speech acuity essential. Works in areas and rooms which are well-lighted, heated, and ventilated. Minimal exposure to health or accidental hazards.

### Special Demands:

Requires a high degree of concentration in order to complete the registry data. Requires an understanding of intra/interdepartmental communication. Demonstrates eligibility in accurate and timely completion of reports and presentations. Reflects the mission, philosophy, core values, and customer service plan of Memorial Hospital and Health Care Center in action and attitude. Demonstrates initiative and judgment in adapting or developing techniques and procedures to meet the needs of the Trauma Services Department. Maintains confidentiality. Displays commitment and loyalty to the Hospital and administrative team. Nurses are encouraged to be actively involved in the community as leaders in health and wellness promotion and injury and disease prevention.

## **Representative Functions**

Ongoing Practices the Core Values of Memorial Hospital and Health Care Center and adheres to the 5-Step Customer Service Plan.

1. Registry Data Collection. (30%)
  - Performs basic data collection of demographics, and coding of clinical and follow-up data from all sources into trauma registry database. Interacts with physicians, nurses, and other members of the trauma team and trauma patients to perform trauma registry functions. Will keep registry at a minimum of 80 percent of cases are entered within 60 days of discharge.
  - Contributes data to the Indiana State Trauma Registry quarterly and to the NTDB annually. Provides reports to Hospital personnel as requested.
2. Abstraction of Data. (30%)
  - Abstracts, assembles, enters and codes clinical data with 95% accuracy into computer database by using the Association for the Advancement of

Automotive Medicine Abbreviated Injury Scale (AIS) and the Registry Users Operations and Standards Manual.

3. Quality Assurance. (10%)

- Participates in quality assurance and improvement activities to ensure accuracy of data collection and timely submission of data according to Indiana State Trauma Registry and the American College of Surgeons Optimal Guidelines for Trauma Centers.

4. Coding. (10%)

- Resolves routine coding issues/problems and appropriately seeks assistance from the Trauma Program Director as needed.

5. Confidentiality. (5%)

- Maintains patient confidentiality including confidentiality of sensitive hospital performance improvement information.

6. Performance Improvement. (5%)

- Participates in Trauma Performance Improvement and American College of Surgeons Committee meetings and educational conferences in order to maintain and expand Trauma Registry knowledge base.
- Attends District and State Trauma meetings.

7. Injury Prevention. (5%)

- Participates in internal and community outreach education on injury prevention, trauma systems and trauma data.

8. Professionalism (5%)

- Presents self in a professional and courteous manner, appears well-groomed, and observes hospital dress code and wears identification badge while on duty as evidenced by appearance and mannerisms and holds staff accountable for same.
- Reports for duty on time, informs the Trauma Program Director of schedule, vacation, absences
- Assists with the marketing plan for the department.

## Trauma Activation

### Background:

The trauma program must involve multiple disciplines and transcend normal departmental hierarchies. Because optimal care extends from the scene of an injury through the acute care setting to discharge from a rehabilitation center, the trauma program should have appropriate representation from all phases of care. The trauma resuscitation team consists of physicians, nurses, and allied health personnel.

### Purpose:

This policy is intended to provide the framework for trauma activations in the Emergency Department or during the screening and stabilization process of the trauma patient. This policy does not cover pre-hospital care of the trauma patient according to the triage and transport rule. Please click here to link to the ["Trauma Alert Patient Assessment and Transport Guidelines"](#) policy for process of Ambulance Services.

The purpose of activating trauma is to standardize the response of the hospital to incoming trauma patients enabling them to receive high quality care with smooth transitions.

Memorial Hospital will utilize a two-tiered system for trauma activations. The following assessment criteria pertain to adult and pediatric patients. Where appropriate, pediatric specific parameters are listed and should be considered for activation of trauma team in pediatric trauma.

### Trauma Alert Red

A. Persons who sustain injury with ANY of the following physiologic criteria

- Airway or Breathing Difficulties
  - Unable to adequately ventilate
  - Intubated or assisted ventilation
  - Respiratory rate less than ten or greater than 29 per minute
  - For pediatric patients, the following respiratory rate parameters should be used:

Age	Respiratory Rate
<1 year	<30 or >60
1-3 years	<24 or >40
4-5 years	<22 or >34
6-12 years	<18 or >30

12-18 years

<12 or >16

- Any sign of respiratory insufficiency (hypoxia, accessory muscle use, grunting)
- Circulation
  - Significant signs of shock accompanied by pulse greater than 120 OR systolic blood pressure less than 90 mm Hg. Consideration should be given to geriatrics that may be in shock with a blood pressure greater than 90 mm Hg.
  - For pediatric patients, the following blood pressure and heart rate parameters should be used:

Age	Heart Rate
<1 year	<85 or >205
1-3 years	<90 or >150
4-5 years	<80 or >140
6-12 years	<70 or >120
12-18 years	<60 or >100

Age	SPB (mmHg)
<1 year	<60
1-10 years	<70 + 2 X age
>10 years	<90

- Any other sign of abnormal circulation such as capillary refill >2 seconds
- Deficits- Neurological Consideration
  - Evidence of a head injury
  - Glasgow coma scale less than or equal to 13 or motor score of Glasgow coma scale less than or equal to 5.
  - Loss of consciousness lasting greater than 5 minutes
  - Responsive only to pain or unresponsive on the AVPU scale
- Deterioration of any previously stable patient
- Any transfers from another institution or otherwise receiving blood.
- Any patient may be considered Trauma Alert Red patient per the discretion of the emergency department physician.

#### B. Anatomic Criteria

- Penetrating trauma to the head, neck, torso, or extremities proximal to the elbow/knee
- Injuries to the extremities where the following physical findings are present:
  - Amputation proximal to the wrist or ankle
  - Crushed, degloved, or mangled extremity
  - Fractures of two or more proximal long bones (humerus or femur)
- Tension pneumothorax: relieved or unrelieved
- Injuries to the head, neck, or torso where the following physical findings are present:
  - Open or depressed skull fracture
  - Unstable pelvic fracture
  - Flail chest
- Paralysis or suspected spinal cord injury with deficit

## Trauma Alert Yellow

### A. Persons who sustain injury with ANY of the following:

- Falls greater than 20 feet for adults, greater than 10 feet or three times height for child
  - Consideration should be given to activation for fall from any height in an anticoagulated older adult
- High-risk auto crash with:
  - Intrusion of vehicle greater than 12 inches in occupant compartment or greater than 18 inches in other site
  - Ejection (partial or complete) from automobile
  - Death of same car occupant
- Auto vs. pedestrian/cyclist thrown greater than 15 feet, run over, or with significant (>20 mph) impact
- Motorcycle crash >20 mph
- High-energy dissipation or rapid decelerating incidents such as ejection from motorcycle, ATV, etc., Striking a fixed object with momentum, or blast/explosion
- High-energy electrical injury
- Burns >10% of total body surface area (second or third degree) and/or inhalation injury
- Suspicion of hypothermia, drowning, or hanging
- Suspected nonaccidental trauma or high risk situation resulting in significant injury
- Blunt abdominal injury with firm or distended abdomen or with seatbelt sign
- Any patient may be suggested to be a Trauma Alert Yellow patient per the discretion of EMS

## Procedure

### A. Patient arriving via Emergency Medical Services (EMS)

1. When calling report to hospital, EMS will indicate trauma patient enroute
2. Emergency Department charge nurse will take the report. If the charge nurse is unavailable, physician or other RN can take report.
3. Emergency department physician, after consulting with nurse taking report, will make determination of level (if any) of trauma activation.
4. Upon decision to activate Trauma Alert Red or Trauma Alert Yellow, Emergency Department Secretary places call to activate trauma team.
  - a. Trauma Alert Red team
    - i. House supervisor (during applicable times)
    - ii. ED physician
    - iii. Trauma surgeon on-call
    - iv. Anesthesia on-call
    - v. Director of Trauma Services (via phone is acceptable if not in house)
    - vi. Surgery
    - vii. Minimum of two nurses from the Emergency Department
    - viii. Minimum of one nurse from Critical Care Services
    - ix. Respiratory Therapy

- x. EMT (if available)
  - xi. Radiology Technologist
  - xii. Laboratory personnel with blood cooler
  - xiii. Chaplain
  - xiv. Security
- b. Trauma Alert Yellow team
- i. House supervisor (during applicable times)
  - ii. ED physician
  - iii. Trauma surgeon on-call *via phone*
  - iv. Director of Trauma Services *via phone*
  - v. Minimum of two nurses from the Emergency Department
  - vi. EMT (if available)
  - vii. Radiology Technologist
  - viii. Laboratory personnel
  - ix. Security
- B. Patient arriving via private vehicle
- 1. Procedure is same as above except:
    - a. Upon arrival to Emergency Department, triage nurse will notify physician or charge nurse of patient. Emergency department physician will make determination of level (if any) of trauma activation.
- C. All Trauma Team members are responsible to sign in with time of arrival at designated sign in place. Times of response for trauma team members will be charted by the primary nurse in the appropriate place of the electronic medical record.
- D. During trauma activation, the Trauma Team Positioning diagram will be followed:

July 12, 2016

Indiana Trauma Care Committee,

Since May of 2014, I have served in the role of Trauma Medical Director for Memorial Hospital and Health Care Center. I am responsible for leading the multidisciplinary activities of the Hospital's Trauma Program. The goal is to attain verification of a Level III Trauma Center from the American College Surgeons. At this time we are requesting "In the Process" designation. When this is granted, I understand that the EMS Commission will allow any EMS Provider to bring trauma patients to our facility. We will promote high standards of practice and care for those trauma patients we treat.

I am committed to this role for Memorial Hospital and Health Care Centers and to the communities we serve.

Respectfully,

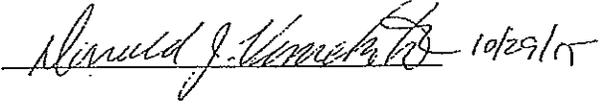

Donald Vennekotter, MD  
Trauma Medical Director

Memorial Hospital and Health Care Center  
Jasper, Indiana

## Commitment of General Surgeons Providing Trauma Coverage

General surgeons who provide trauma coverage at Memorial Hospital and Health Care Center, are committed to providing quality care to the injured patient. This commitment includes a Trauma Surgery call schedule twenty four (24) hours a day. These surgeons are committed to responding to the highest level of activation within thirty (30) minutes of the patient's arrival. Response times are continuously evaluated through the hospital's Performance Improvement and Patient Safety (PIPS) program.

Re: Donald Jude Vennekotter, M.D.

Thank you for your recent inquiry to the American Board of Surgery (ABS) regarding the certification status of the above named surgeon. The specific status of this surgeon with the ABS is listed below.

<b>Surgery</b>	<b>Current Status: Certified</b> <b>Meeting MOC Requirements</b>
----------------	---

**Certification History - Certificate:**

<b>Occurrence</b>	<b>Duration</b>	<b>Start Date</b>	<b>End Date</b>
Initial Certification - Expired	Time-Limited	23 Mar 1994	01 Jul 2004
Recertification - Expired	Time-Limited	17 Oct 2003	31 Dec 2014
Recertification	Time-Limited	12 Dec 2013	31 Dec 2024

Please inform us immediately if your information differs from what we have supplied above. If you have questions regarding this information, please contact the ABS office.

Frank R. Lewis, Jr., M.D.  
Executive Director

July 12, 2016

Dr. Stephen O'Connor is not Board Eligible and is no longer working single coverage shifts in our Emergency Department. He is aware that he is not to care for trauma patients due to this issue.

Dr. Bryan Lilly did allow his Board Certification to lapse however; he is scheduled to take his Board Certification on September 14, 2016. This testing is through the American Osteopathic Board of Emergency Medicine.

Be proof enough.

# Stephen C. Sample, MD

## Objective

I am an experienced Emergency physician with a strong skill set and a passion for people. I have the heart of a teacher and strive to practice strong, evidence based medicine daily, bringing quality care and compassion to my patients.

## Education and Medical Training

**Residency** June 2005-May 2008

**Emergency Medicine**

*San Antonio Uniformed Services Health Consortium (SAUSHEC)*  
San Antonio Texas

**Doctor of Medicine** August 2001-May 2005

*University of Louisville School of Medicine,*  
Louisville, KY

**B.A Biology** August 1997-May 2001

*Indiana University Southeast,*  
New Albany Indiana  
Summa cum Laude

## Professional Work History

**Memorial Hospital And Healthcare Center** January 2013 to present

*Staff Emergency Physician*

Jasper, Indiana

Staff Emergency physician in moderate to high acuity ER with approximately 35K visits per year and 20-25 percent admission rate. Liaison to the committee seeking Level 3 trauma status. High producer with extremely high patient satisfaction scores. Responsible for bedside and contemporaneous education of rotating students from Indiana University School of Medicine.

**Kentucky Air National Guard** January 2013- present

Louisville, Kentucky

As a Physician member of the Chemical, Biological, Radiological, Nuclear and High Yield Explosive (CBRNE) Enhanced Response Force Package (CERFP), I am responsible as the critical care tent leader on a team designed to respond to any mass casualty event in our coverage area. I am currently assigned the rank of Major, and expecting to promote to Lt. Col in the next several months.
